Anthony left a new review

Hi Anthony Brodie,

Anthony just left a new **1-star** review of **killfeed.co**:

The design feels very outdated and gives off an early MySpace-era look. The layout is cluttered, the colors do not work well together, and the page has too many distracting elements competing for attention. It is difficult to tell where to look first, and the overall presentation does not feel polished or modern. The site would benefit from a cleaner layout, better spacing, and a more consistent visual style.
